OBJECTIVE

Aspiring Full Stack.NET Developer with a strong foundation in C#, ASP.NET, and SQL Server, seeking to contribute to dynamic development teams. Eager to apply academic knowledge and hands-on project experience to build scalable web applications and grow within a collaborative environment.

SKILLS & ABILITIES

Skills:

C#, ASP.NET Core, Web API, SQL Server, HTML, CSS, JavaScript, Bootstrap, React, Git, Visual Studio

Abilities:

Problem solving, teamwork, quick learner, good communication, and time management.

EXPERIENCE / PROJECTS

2024- 2025 **AI POWERD SMART SURVEILLANCE AND THREAD DETECTION**

- Developed an AI-based system to monitor live video streams and detect suspicious activities using computer vision.
- Implemented real-time object detection, motion tracking, and automated threat alerts to improve security response.
- Integrated a web dashboard for live monitoring, event logging, and system management.

2025-2026 **Auto Camera Focused Towards Calling General Ward Patients**

- **Hardware-Software Integration:** Developed a robotic monitoring system using an **Arduino Mega** and a **Pan-Tilt servo mechanism** to automate camera positioning for medical displays.

- **Computer Vision (CV):** Engineered a Python-based image processing pipeline utilizing **OpenCV** and **Tesseract OCR** to convert analog/digital monitor displays into real-time digital data (Heart Rate, SpO2).
- **Serial Communication:** Implemented asynchronous **UART (Serial)** communication to synchronize hardware movements with software-based image capture triggers.

EDUCATION

The Nalgonda Public School (1-10)	CGPA:6.7
Narayana College (INTER)	CGPA:8.4
Sri Indu College of Engineering and Technology (CSE- AIML)	CGPA:6.33
Naresh i Technology	FULL STACK DOTNET DEVELOPER
